Teachers,

Thank you so much to Karen, Yvette, MaryLu, Anissa, and Tara for taking the time out of their schedule and volunteering to train all 24 of our participants. I really appreciate you:) A shout out to Melody, Kim and Monica for offering to share their Best Practices, also. You ladies are amazing!

I also want to thank our participants for your enthusiasm and willingness to share with one another the lessons you created during training. I was so impressed with you Tuesday morning as you presented your mini-lessons and I am so pleased to hear your positive feedback from the past two days.

In your Google docs, under **Collections Shared with Me > Instructional Technology > SmartBoard Lessons** are all of our lessons - students and presenters, alike. If you build other great lessons over the summer or next year, I would love for you to share them with us through Google docs, or you can just email me and I will post them for you. Here the direct link <https://docs.google.com/a/johnston.k12.nc.us/?tab=mo#folders/0BYWtBeLpFQLc0wxeKFXV051akk>

Thank you again and I hope you have a wonderful summer.

Best regards,

Jeanette Neyman, M.Ed.

"Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education alone will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan "press on" has solved and always will solve the problems of the human race."--John Calvin Coolidge
